ABOUT

An enthusiastic fresher with highly motivated and leadership skills having bachelors of engineering degree in Computer Science & Engineering at SRMIST Delhi-NCR Campus, Ghaziabad.

Highly motivated and eager to learn new things. Always willing to innovate the new things which can improve the existing technology.

I am passionate about Front-End Web Development. Also interested in Full Stack Web Development.

My Strengths:

Willingness to accept any challenge irrespective of its complexity.

Ability to produce best result in pressure situation.

Ability to work as individual as well as in group.

Honest, Optimist and Hard working person.

My Career Objective:

To obtain a creative and challenging position in an organization that gives me an opportunity for self improvement and leadership, while contributing to the symbolic growth of the organization with my technical, innovative and creative skills. As Nelson Mandela said, "Education is the most powerful weapon which you can use to change the world". I also believe in learning new things, grab knowledge, to have faith in yourself that YES, you can do then only you will do.
